Education

2018 - Present
3rd Year in the Interactive Art and Technology Program at Simon Fraser University

Design Experience

IAT 235 Information Design - In a team designed a fully functioning website, created using HTML and CSS. We collaborated with Vancouver Plan to create a website that could educate citizens of Vancouver about the drivers of change in the city.

IAT 233 Spatial Design - In a team designed a walkway pavilion using the 3D design software Rhino, as well as the parametric design tool Grasshopper to create a parametrically defined design.

Work Experience

School District 71 : May 1 - August 2019
Summer Student - Schoolyard maintenance; weed eating, rototilling, mulching, gardening, deliveries.

Tenth Street Chiropractic: June - August 2018
Digitized Patient Files.

Grant Land Surveying : June 2017 - May 2020
Chainman - cut boundary lines, set up gear, hold the prism.

Proficiencies

Design

▶ Graphic Design
▶ 3D Design
▶ Website Design
▶ Prototyping
▶ Cinematography

SoftWare

▶ **3D Software:**
Rhino, Onshape, Solidworks, Grasshopper

▶ **Adobe Creative Cloud:**
Illustrator, Photoshop, AfterEffects, XD, InDesign, Premiere Pro.

▶ **Programming:**
Processing, Java, Arduino, HTML, CSS
